With the **Pro Device** from Clarisonic® your clients will see a difference even on the days they do not see you. From the lead inventor of Sonicare®, the Clarisonic Skin Cleansing System uses sonic micro-massages to remove makeup 6X better than manual cleansing. This product removes more makeup, dirt and sebum each day making a noticeable difference in the smoothness of skin, while also making it more receptive to skin care products and treatments. 877-825-9633, [www.clarisonic.com/professional](http://www.clarisonic.com/professional) or RR# 190
